ALL ABILITIES NETBALL

The All Abilities Netball Program run through the Montrose Netball Club, provides the opportunity for local people with a physical or intellectual disability to participate directly or indirectly in local clubs and associations.

Netball skills clinics are run by accredited coaches (with working with children checks) and helped by volunteers with the focus being on basic skill development in a fun and friendly atmosphere with no previous netball experience required.

Community Engagement Co-ordinator Nikki Wellington had the opportunity to attend a clinic recently and was blown away by the wonderful young volunteers, one as young as 11 (Tilly) who attends with her dad (Jon), all helping to make the program a success. As a Community minded Club, we take great delight in being involved and currently donate the afternoon tea to these wonderful clinics.

We look forward to growing our relationship and continuing our support of the All Abilities Netball Program.

If you have a family member or friend you feel would benefit from attending one of these clinics or for more information on the program be sure to call Sue Reynolds 0412 430 499 or email her at montrosenetballclub@gmail.com
